

MAIN FEATURES

High quality electric bike designed in England by ETT using high quality components and specifically for courier use.

Its agile, angular shape allows the rider to nimbly unload the shipments and make everyday commuting easier, comfortable and more enjoyable. ETT Trayser 2.0 pedal-assisted Electric Bike has a powerful 250 watt electric motor and a 1056Wh battery allowing a top speed of 15.5 mph and a range of 50-60miles.

The battery is rechargeable using any standard mains power outlet. This can either be charged whilst on the bike, or the battery can be removed and charged separately.
